Brand and creative strategist with experience shaping brands, growing communities, and developing communication strategies from concept to launch. Combines strategic thinking, creative execution, and audience insights to create experiences people genuinely want to be part of.

Professional Experience

Senior Brand & Communications Manager, Microsoft | 2024-2026

- Led brand strategy, creative direction, and communication strategy across Microsoft's employee communication ecosystem, shaping how strategic initiatives were positioned, launched, and experienced across the organization.
- Advised cross-functional stakeholders on positioning, messaging, and channel strategy, growing a dedicated community from **200 to 900** members through audience-first campaigns.
- Transformed newsletter operations **across 20+ teams** by leading the rollout of a new platform, introducing scalable workflows and data-driven performance insights.
- Served on the crisis communications team during national emergencies, partnering with **senior leadership** to develop, review, and deliver sensitive executive communications under pressure.

Technology L&D Project Manager, Microsoft | 2023-2024

- Led brand, communication, and operational strategy across Microsoft's technology learning ecosystem, aligning programs under a unified academy vision.
- Unified multiple learning programs under a single academy brand, defining its architecture, **messaging framework**, and tone of voice while preserving each program's unique identity.
- Elevated the academy's visibility and participation through integrated communication strategies that strengthened its brand across Microsoft's technology learning ecosystem.

Communications Project Manager, Microsoft | 2022-2023

- Built an employee-led technology lecture series from the ground up, defining its brand, content strategy, speaker experience, and launch plan while attracting 150+ attendees per session.
- Initiated and led Microsoft's first mental health awareness campaign in Israel, defining its strategy, messaging, creative direction, and cross-functional execution from concept to launch.
- Applied audience insights and performance data to refine messaging, strengthen engagement, and continuously optimize communication effectiveness across multiple channels.

Copywriter and Social Media Manager, Bitmob Adv | 2021-2022

- Developed brand messaging, creative copy, and digital content strategies across multiple client accounts, translating business goals into compelling brand narratives.
- Built clients' TikTok presence from the ground up, leading content strategy, creative direction, and end-to-end content production.
- Established cohesive brand identities across social platforms through tone of voice, visual storytelling, and integrated content strategy.

Additional Experience

Marketing & Content Consultant, Mashkiot (Freelance)

Leading marketing, communications, content, and social media for an investment community, developing creative strategy and AI-powered communication workflows across programs, courses, and digital initiatives.

Via (Personal Venture)

Built a trust-first consumer matchmaking platform from concept to MVP, defining the product vision, brand, user experience, and onboarding journey while independently developing the platform using AI. Validated the product through continuous user feedback, rapid iteration, and an engaged community of early adopters.
